## About semptian

Semptian International Limited,. is a private company headquartered in Hong Kong. Enabling continuous technical innovation, Semptian is well positioned as a cyber monitoring expert, providing solutions including:

1. The Lawful Interception (LI) system for PSTN fixed telephone and mobile phone networks;
2. The National Firewall (NF) to block undesirable information from Internet;
3. The Public Opinion Manage System (POMS) for new forms of media and social network, like Facebook and Twitter;
4. The Passive Tracker a 3 in 1 system for GSM, WCDMA and CDMA in a compact form factor;
5. Training for LEA in new technologies and solutions.

With high performance and low cost solutions, Semptian helps Law Enforcement Agencies (LEA) accomplish their missions such as criminal investigation, counter-terrorism, intelligence gathering and network security.
